STATOTHR

1. This is the one I discussed with you on the telephone and was the subject of our earlier memorandum regarding Yugoslav newspapers.

2. I informed General Donovan's office by telephone that no commitment or decision would be made by 8 February and that consequently [REDACTED] should act without regard to any CIA potential, but that we are interested in keeping in touch with him and know his whereabouts.

3. In view of the information in the attached letter, it would appear that this matter might be of prime interest to [REDACTED] of Staff E, OSO.
